SIIM 2009

(Pewaukee, Wisconsin, USA) IMCO Technologies exhibited at the SIIM (Society for Imaging Informatics in Medicine) 2009 meeting in Charlotte, North Carolina on June 4-6. The opening session was dedicated to Closed-Loop Reporting/Critical Results, with a live demo of a communication with Critical Test Results Management.

With the focus placed on Closed-Loop Reporting/CTRM, the IMCO booth had a steady stream of people attending demos of IMCO-STAT, our Closed-Loop Reporting/CTRM software. IMCO would like to thank everyone that stopped by our booth!

If you are interesting in learning more about IMCO-STAT, please call (800) 300-7734 or send an email to info@imco-tech.com.

About IMCO Technologies

IMCO Technologies is celebrating its 19th year as a healthcare solutions provider in the informatics management marketplace. IMCO Technologies newly released IMCO-STAT™ Critical Test Result Management (CTRM) software application addresses JCAHO and CCHIT concerns for effective communications and documentation of accountability. IMCO produces, sells and services computer-based software applications for hospitals, imaging centers, clinics and orthopaedic practices. Product development centers on the principles of; 1) ease of use, 2) system configurability and modularity, 3) rapid image retrieval, 4) affordability, and 5) adherence to industry standards.
